EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

a) In the Title:

After last word in title, insert --Including After Precursor Step Reducing the Pressure in the Chamber by at Least 90% During Purging Step"

b) In the Claims:

The USPTO's policies forbid lower number claims from depending on higher number claims. As such certain claims have been renumbered to comply with this rule:

In claim 14, change claim number to "43"

In claim 15, change claim number to "44"

In claim 16, change claim number to "45"

In claim 17, change claim number to "46"

Rejoinder of Previously Non-Elected Claims

Claims 1-12, 18-32, 43-46 directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 18-27, 43-46, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, are now

subject to being rejoined. Claims 18-27, 43-46 hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on 22 March 2005 is hereby withdrawn.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the features in claim 1, lines 6-11, reducing the pressure by 90% of the difference between the base pressure and the first enclosure pressure cannot be found in the prior art of record. The prior art of record fails to teach, in combination, the process features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William M. Brewster whose telephone number is 571-272-1854. The examiner can normally be reached on Full Time.
